TREVISTA
SENIOR LIVING & MEMORY CARE

WELCOME TO OUR FAMILY

At TreVista, we're all about family. We're family owned and operated and we only hire those who share our passion for treating residents as they would their own family members.

JUST LIKE HOME

At TreVista, we believe home means living where you are comfortable and being surrounded by people who really care about you. Our team creates a real sense of family by helping residents feel truly loved and appreciated. We start by selecting team members who demonstrate a genuine desire to serve seniors and who share our passion for family. Then, we provide them with ongoing best-practices training. It's this special blend of warmth, respect, compassion and competence that makes each resident feel right at home.

AGEMARK SENIOR LIVING

TreVista is owned and operated by Agemark Senior Living. Agemark has been an industry leader in creating home-like senior communities for more than three decades and was named a Top Ten Place to Work in Aging Services by Great Place to Work and FORTUNE magazine. With corporate headquarters in Orinda, California and Omaha, Nebraska, Agemark residences are individual-centered, family-focused communities that incorporate elements from the hospitality industry. For more information on the company, visit www.agemark.com.

ASSISTED LIVING IS ACTIVE LIVING

Assisted living at TreVista means the best of all worlds for both seniors and their families. Our residents enjoy an active, engaging lifestyle that promotes independence, a host of customized services and amenities, and peace of mind with 24-hour care and support. But that isn't what makes our lifestyle so special. It's our personalized programming and approach to daily life that sets us apart.

LIFECYCLES

Our LifeCycles holistic wellness program impacts every part of daily life at TreVista. LifeCycles provides the framework for helping people make the most of every day by addressing all four dimensions of wellness: Spiritual, Social, Physical and Intellectual. Built on a curriculum of the experiences we all have in common, LifeCycles transcends boundaries, challenges stereotypes and creates meaningful connections between people of all ages.

VIBRANT SENIOR LIVING

At TreVista, we believe senior living should be vibrant, engaging and fun! While supportive assisted living services are available, it's our personalized, resident-centric approach that helps seniors live each day to the fullest. At TreVista, we believe life is a journey, and there's always room to grow, to learn and to enjoy. This is our approach to daily life – and as a result, our residents thrive.

MEMORY CARE

Those living with Alzheimer's disease and dementia can experience joy in their lives every day. We don't settle for providing a place for people to just stay. Instead, we create an engaging home for residents to truly live – providing them with real joy and fulfillment.

Walk into our memory care neighborhood ... You'll see specially trained, compassionate team members helping residents engage with one another. You'll see families sharing meals together, grandchildren included. You'll see activities on the lawn, gardening in the courtyards, bakers in the kitchen and smiles all throughout – just like at home.
